

TO REDEEM THE LANDS OF IDAHO.

Big Scheme Now Under Consideration at Boise.

GERMANS ARE INTERESTED

MANY MILLIONS OF MONEY MAY BE MADE.

David Keith, of Park City, Negro, is negotiating the purchase of the Boulder Mine, near Idaho City, one of the best producers of our neighboring state.

[Special to The Herald.]

BOISE, Idaho, Sept. 4.—Dr. Charles R. Gibson of Chicago, who has been here conferring with Governor McConnell concerning a scheme to redeem the immense tract of Idaho's arid land under the Carey act, has returned to Chicago. It is said he will make a favorable report on the project, and that the result will probably be the investment of a large amount of German capital in irrigation works in the state. Gibson represents Berlin capitalists, and told the governor that if good security were offered it would be easy to secure \$20,000,000 for investment here.

David Keith of Park City, Utah, is here for the purpose of negotiating for the Boulder mine, near Idaho City, one of the best producers in that section. Keith is the principal owner of the Silver King mine near Park City, and is very wealthy.

STOCKMEN AND GOVERNOR.

A Big Fight Is Now on in Kansas.

TOPEKA, Kan., Sept. 4.—A big fight is on in Kansas between the stockmen and Governor Morrill. Today the commission men at Kansas City stock yards telegraphed the governor demanding the reorganization of the board. They gave as a reason that two men of the present board constituting a majority, published broadcast every report of Texas fever in any community in the state in order to justify the collection of 2 cents a head in inspectors' fees on all cattle shipped from Texas, New Mexico and Arizona through Kansas to market. The present board, without authority of law, keeps two inspectors in the southwest territory, who make the stockmen pay 2 cents a head for all shipments into and through the state. The stockmen of the state are also organized and will demand of Governor Morrill to remove the present board. The stockmen of Kansas City have their cattle in New Mexico and Texas and they claim the 2 cents inspection fee is a rake off for the board. The stockmen of this state represent one-third of its wealth. More than one-third of the money on deposit in the banks of Kansas belongs to stock raisers.

CHINESE COMING.

Collectors Have Been Warned to Be on Their Guard.

WASHINGTON, Sept. 4.—The treasury department today received a telegram announcing the arrival at Vancouver, B. C., of 150 Chinese destined for the Atlanta exposition. It is supposed these Chinese will enter the United States at Ogden, N. Y., and the collector there has been instructed to be on his guard against illegal entry, as the department has received information that an effort would be made to effect the entry of several Chinese not legally entitled to come into the United States.

SOCIAL DEMOCRATS.

Will Hold Meetings to Consider the Emperor's Attitude.

LONDON, Sept. 4.—A dispatch to the Chronicle from Berlin says the social democrats are resolved to hold meetings throughout the country to consider the emperor's attitude on the present. The post has a description from Berlin which says the inscription in the Emperor William Memorial church upon the relief presenting Isaac and Rebecca watering camels, which was alleged by the Vorwarts, really exists. It will be remembered that a dispatch to the Associated Press on September 3 reported the Vorwarts alleged the relief bore the inscription in small characters, "What camels the fathers of our greatest city have been." May 2, 1885.

This is the end of a poem which appeared in Kladderbach when the Berlin council refused to congratulate Prince Bismarck on his eightieth birthday. The poem was signed "No three thousand marks; how shabby," being a reference to a refusal of the council to contribute to the church fund.

THE TURF.

PHILADELPHIA, Sept. 4.—The attraction at the Belmont racing track today was the special race for \$4,000 between Joe Patchen and John R. Gentry, and it was the cause of more dissatisfaction than any similar event in the history of the association. Had there been betting it is doubtful if Curry, the driver of Patchen, would have escaped mob violence. Gentry led by a length all the way. In the third heat Gentry again took the lead and held it to the wire, winning by a nose. It was apparent to the judges, as it must have been to the spectators, that Patchen was not being driven to win. Curry was booed and jeered and cries of "take him out," "robber" and such like came from the grand stand. The judges declared this no heat. The time was 2:08 3/4. In the fourth heat Patchen went out in front and led to the wire, winning easily in 2:11. In the fifth there was further trouble. Patchen set a slow pace and led by two lengths until well into the stretch. Here McHenry brought Gentry up and Patchen broke. Curry claimed that he could not prevent his breaker. "No heat" was given out and both horses ordered again. McHenry said it was an outrage to make his horse pace any more, but the judges ordered another heat. They took Curry down and substituted Dickerson, who had driven Fred Kohl. Patchen won the heat easily, Gentry not being driven out and was distanced. The judges waived the distance and ordered a seventh heat.

Floods Do Great Damage at Indianapolis.

COLUMBUS, Ohio, Sept. 4.—As a result of the deluge which set in last night at 8 p. m. and continued until 7 this morning, thousands of dollars' worth of property has been destroyed and street car transportation and telephone communication suspended. The business portion of the city was flooded because of the inability of the sewers to carry the water away. In the neighborhood of Fine and Washington streets a dozen families had to be rescued by the police. At daylight, lightning started a fire in the telephone exchange building and the entire system was burned out, resulting in extensive loss. Up to 7 a. m. the rain fall amounted to six and seven-tenths inches.

ONE HUNDRED THOUSAND.

The losses by the flood, will, it is estimated, amount to \$100,000. This will be in sums from \$500 to \$5,000 and is widely distributed. This, however, does not include the damage to public works which will also be heavy.

Children, especially infants, are soon run down with cholera infantum or "Summer Complaint." Don't wait to determine, but give DeWitt's Colic and Cholera Cure promptly; you can rely on it. Use no other. Nelden-Judson, wholesale agents.

IS THE FINEST VESSEL AFLOAT.

General Wilson's Opinion of the Steamer St. Louis.

WELL FITTED FOR WORK.

BRITISH LION, HOWEVER, IS GROWLING A LITTLE.

New Battleship Iowa Will Withstand the Projectiles of the Best 12-Inch Gun Afloat—Some Very Interesting and Instructive Experiments Made Yesterday—Result Almost Beyond Belief.

WASHINGTON, Sept. 4.—Second Assistant Postmaster General Nelson has returned to his desk after a voyage to Europe on the new steamship St. Louis, which he pronounces the finest vessel afloat, and well fitted for the work of carrying the mails.

"The British are growling a little," said he, "because we are giving bounties to our ships instead of paying them to the fastest vessels which happen to be ready at any given time. They will not send any mail by our subsidized steamers unless it is especially directed to go by them."

In England, in regard to the sea postal service, we now send clerks on the steamers who sort the mails coming over to this country. I wanted the British to divide this expense with us and have the mails going to them sorted at sea. They would not agree, however. Their force in the London office is twice as great as ours in New York, and they can clear up any mail in a hurry and do not care to go to the additional expense of sorting on the voyage. France will probably join with us soon, however, for a service from Havre. Nowadays most of her mail goes via England."

BATTLESHIP IOWA.

Will Withstand the Projectiles of a 12-Inch Gun.

WASHINGTON, Sept. 4.—The new battleship Iowa will withstand the projectiles of the best twelve-inch gun afloat. That was the conclusion drawn today after the firing of a 12-inch gun at the ship. The ship was hit by a projectile which penetrated the armor plate, but did not explode. The ship was hit by a projectile which penetrated the armor plate, but did not explode. ROCHESTER, N. Y., Sept. 4.—About 3,000 people attended the national circuit meet held this afternoon by the Rochester Athletic club.

The Fight Against Disease, Poisonous Drugs, and Old Foggyism Declared in His Favor.

Mr. J. Baumer Tells the Story of His Suffering and Cure.

Mr. J. Baumer, 42 E. Twenty-first st., Bayonne, N. J., says: "Eighteen months ago I was so crippled with rheumatism that I could not dress myself. I tried all the doctors in Bayonne, but they gave me up as hopeless. I also tried numerous preparations, but failed to find any relief. At last I heard of Munyon's Rheumatism Cure and began using it. NEW ORLEANS, La., Sept. 4.—The Olympic club made its new experiment tonight and had boxing bouts between pugilists made members of the club. There was a large crowd, including many ladies, a special effort being made to induce the latter to attend as the boxers appeared in athletic shirts and knickerbockers. The feature of the evening was the bout between Herman Bernau, of Galveston, and Australian Billy McCarthy. It was intended for a twelve round fight, but McCarthy was very much out of shape and in the first round Bernau landed a right hander on the jaw which knocked the Australian silly so that the other rounds were not necessary. The club intends to have more affairs, including an international tug of war.

REDS TURNED LOOSE.

WASHINGTON, Sept. 4.—The department of justice has notified the Indian bureau that there are no Bannock Indians in confinement at Marysville, Ky., those arrested and imprisoned by the state authorities for violation of the game laws having been allowed to escape. The district attorney for Wyoming, therefore, is unable to ask for writs of habeas corpus in their behalf, and this means that the bringing of the Bannock treaty before the United States courts for adjudication cannot be effected.
